

GroundsOpsStaff Single User License Restrictions

Your Product Code is your single user license. You are authorized to activate the Product Code on your desktop computer and your laptop computer with the agreement that GroundsOpsStaff will be running on only one computer at a time. If you allow multiple users to have access to GroundsOpsStaff under the same Product Code, then you are authorized to activate GroundsOpsStaff on only one computer. Following are examples of authorized use under the single user license:

Authorized

1. Activate on one desktop computer and one laptop computer for use by a single user (same user).
2. Activate on **only one** computer to be shared by multiple users.

Not Authorized

3. Activate on a desktop and a laptop and share one or both of the computers with other users.
4. Activate on more than two computers.
5. Activate on two desktop computers.
6. Activate on two laptop computers.

In order to keep the price of this product affordable, we appreciate your compliance with the single user license. If you require multiple user on multiple computer, you must purchase additional Product Code (s) from APPA.
